Disengagement Information:

There was one disengagement that occurred on April 13, 2016 on U.S. highway 101 northbound with dry roads and clear weather. The operator disengaged the automated driving system because the lane markings were not clear enough for the system to detect the lane. The vehicle alerted the driver visually. This was an unplanned disengagement with the operator's reaction time under 2 seconds.

Should you have any questions pertaining to the information contained in this report, please do not hesitate to contact me at (201) 571-5360, Mehmet İnönü or Grant Mahler from the BMW Technology Office at (650) 934-3429 with any questions regarding the autonomous vehicle tested.

Sincerely,

BMW of North America, LLC
